Thought Exchange

Thought Exchange

- OCPS is using a new tool called ThoughtExchange to gather input from students and staff and school community.
- Students, staff and parents are asked to answer one open-ended question with as many responses, and then moved onto the Rate Thoughts step.
- In the Rate step, they saw their responses and those shared by others and assigned 1 to 5 stars to each idea depending on how strongly they agreed or disagreed with it.

ThoughtExchange includes three steps:

1. **Share**: Respond to the question, independently and anonymously
2. **Star**: Consider thoughts shared and rate them on a five-star scale.
3. **Discover**: Learn what matters to the group by exploring thoughts and ratings.

Exchange Summary

Question:

Considering our plan for a classroom addition at your school, what is one thing about our plan that should be changed as we proceed with the design?
