Superintendent's Teaching Scholarship Endowment

The Foundation for Orange County Public Schools is creating an endowment fund to honor Dr. Barbara M. Jenkins. A lifelong learner with the heart of a teacher, Dr. Jenkins announced her retirement after 10 years as Superintendent of Orange County Public Schools.

Drawing inspiration from her desire to teach from an early age, her stellar 30-year career in public education in Orange County, and her dedication to strengthening the career pipeline for others who wish to teach, the Superintendent's Teaching Scholarship will be awarded each year to graduating OCPS seniors who will pursue a degree in Education.

Read2Succeed Curriculum

Kindergarten through Third Grade – utilizes SIPPS (Systematic Instruction in Phonological Awareness, Phonics, and Sight Words) program that develops word-recognition strategies and skills that enable students to become independent and confident readers. This program requires a certified teacher to tutor small groups of students.

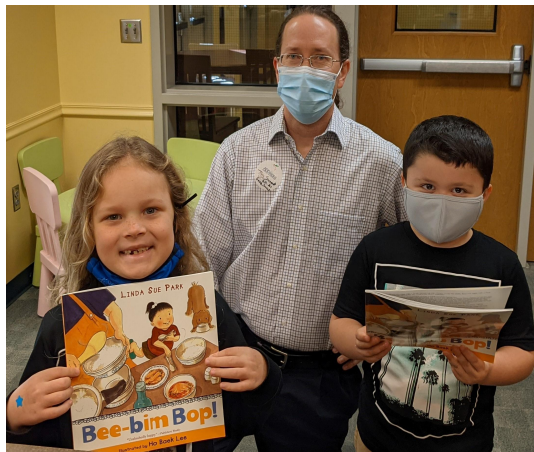

First Grade – 14 books to build or expand students’ home library. The program explicitly teaches vocabulary. In addition, it incorporates activities to strengthen critical areas of reading. Volunteer tutors are needed and welcome for this program.

Second Grade – utilizes *The Six-Minute Solution* that builds students’ reading fluency with same-skill-level student pairs to read age appropriate nonfiction passages and record each other’s progress with fluency and accuracy. In addition, this program also incorporates activities to strengthen critical areas of reading. Volunteer tutors are needed and welcome for this program.

Read2Succeed Facts
