

PHOTOGRAPHS OF STUDENTS

FILE: JRD

TITLE: School Pictures

POLICY:

- (1) Any school may have pictures taken of students at a time which does not interfere with the minimum, required instructional time for students. The school principal may enter into a contract for individual student pictures with a company which is qualified to perform this type of work. The contract shall not cover a period in excess of one school term.
 - (a) The contract with the company shall include the price to the student, commission to the school, the contents of the package to be furnished and such other items as the principal deems necessary and desirable.
 - (b) The principal shall exercise due caution to protect the rights and interests of the students in enforcing the terms of the contract.
 - (c) School pictures shall not be scheduled during a major religious holiday.
- (2) A high school principal may enter into a contract for individual student pictures for the yearbook provided that such contract does not exceed one school term.
- (3) Pictures for press releases and publicity purposes may be taken with the permission of the principal and in accordance with FERPA guidelines.
